No-company. (Self-employed.)

Feb 2022 - Feb 2022 (1 month)

- A project that uses Vue.JS web framework and open weather API to make.
- Link: <https://weather.skyproton.org>

Education

Fudan University

Summer Exchange, Computer Science

2022 - 2022

The Hong Kong Polytechnic University

Bachelor of Science - BS, Computer Science

Sep 2021 - Jun 2025

Licenses & Certifications

Coursera Course Certification - Data Collection and Processing with Python (University of Michigan) - Coursera

coursera.org/verify/T8CDE524Z9UZ

Coursera Course Certification - Python Basics (University of Michigan) - Coursera

coursera.org/verify/7R5VFL4PW7YU

Skills

Python (Programming Language) • Machine Learning • Blockchain • C++ • Vue.js • Java • JavaScript • English & Chinese • Next.js

Honors & Awards

Honorable Mentions Award in PolyHack2022 Hackathon - Google Developer Student Club (GDSC) - PolyU

Jun 2022

The Honorable Mentions Award in PolyHack2022 Hackathon.

Summer Exchange Nominated - The Hong Kong Polytechnic University

Feb 2022

Nominated for summer exchange from Hong Kong Polytechnic University to Shanghai Fudan University.

Student Representative for COMP Class of 2025 - The Hong Kong Polytechnic University

Nov 2021

Dr. Dennis Liu has nominated me as a representative to join the PolyU Next Departmental Undergraduate Programme Committee (DUPC) Meeting
